Subject : **FEES BALANCE**

Sir,

I have an outstanding balance of MK389, 025 for this semester. I was supposed to sit for Continuous Assessment Test I (CAT I) exams but I did not because I have only paid 35% of the total fees. Please consider me so that I can also write this exam though others have already written. When I pay at least 50% of the total fee they will schedule my CAT I exams. Our exam nature follows the format CAT I then CAT II finishing with End of Semester.

Thank you in advance for your consideration.
